The new terrestrial TV in excellent HD quality

The THT741FTA stands for a new era of terrestrial programmes in HD and SD. High Efficiency Video Coding (HEVC) technology adds visual benefits to every TV moment. On top of this THT741FTA discloses the variety of RSS feeds. Connect your USB storage device, record TV programmes and browse your photos and music files in the most convenient way. Get started with the HEVC experience and THOMSON's THT741FTA.
