Get digital TV in HD via cable!

Easy-to-use and high performance: the digital cable receiver THC301 enables reception of digital television in superb HD quality via the cable network. Enjoy great sound in Dolby® Digital Plus and playback files via USB. With the user-friendly remote control, you can check the EPG for on-screen programme information of present/following events up to 7 days. Benefit from many other convenient features like 8 event timers with 4 modes, parental lock function, Teletext, multilingual audio tracks and more. Upgrade your receiver functionality by adding the recording and Timeshift function (available at our webshop).
